## Learning to cycle for pupils Years 3, 4, 5 and 6

Dear Parents and Carers

A 'cycling revolution' is coming to our school! Redbridge Council has funded some really exciting free cycling activities at our school to encourage more pupils and families to cycle to school. Cycling to school is free, fun and a great way to keep healthy and reduce pollution and congestion around our school.

All the activities will be delivered by Cycle Confident Ltd, who work with the Smarter Travel and Road Safety Teams at the Council. The training is carried out by two fully accredited National Standards Cycling Instructors, with full enhanced DBS (formerly CRB) checks and many years of experience providing this form of training.

If you would like your child to '**Learn how to Cycle**' and they cannot ride a bike at the moment, then please complete and return the attached form to school.

The training is for children in all junior age groups and will take place on Monday 15<sup>th</sup> October and Tuesday 16<sup>th</sup> October. Training is in the school playground only and aims to train pupils to control and master their bike in a traffic-free environment.

There are 10 places, please complete the separate application form and places are allocated on a first come first served basis. You will be sent an e-mail to confirm if your child is selected.

Pupils taking part may have their own roadworthy bicycle of an appropriate size in relation to their height. Where bicycles are deemed too small or too big by the cycling instructors, pupils may not be able to use their own bike but one provided by the cycle instructors.

Pupils need to be able to bring their bicycle to school on the days of the course – **they cannot be left in school overnight**. Children also need to bring a cycle helmet.

Please ensure that your child:

- **Has sufficient warm clothing**, including gloves (sessions are between 1 and 2 hours and are outside). High visibility tabards are provided.
- **Has some wet weather clothing**, e.g. a shower or waterproof jacket as a minimum, and preferably some over-trousers. The training will continue in light to moderate rain but will be suspended if there is a heavy downpour.

Thank you for supporting training in this valuable life skill.
