16th Sept 2019

Dear Parents / Carers

RE: School Trips & Visits 2019-2020

I am sure you are aware that each year trips and visits are arranged for the children in each year group, to extend their knowledge and understanding of topics they learn at school. The trips include visits outside the school environment, as well as having visitors come into school. I have attached the trips the teachers are organising for each year group.

In order to be able to go ahead with these educational trips and school visits, we need to ask parents for a contribution to cover the cost. This year we are asking for a voluntary contribution of at least £39.00 payable online via ParentPay. Last year almost every family paid the trip contribution and some families were able to afford to even pay a little more. We use every penny to provide extra activities for the children. As you can see from the attached list, we stretch the money as far as possible to provide so many wonderful experiences for the children. The current financial cuts are challenging. We want the children to experience a high quality education but we need your help to pay for trips and activities.

While no one child will be excluded from any trip, it must be stressed that substantial contributions will need to be received for trips to go ahead. Our teachers have some great ideas of places to visit but cannot book all of the trips and visits until trip money has been received. If you have more than one child in the school or you would like to pay the by instalments, please let your teacher know and we will endeavour to assist you in any way we can.

Trips outside of the school environment will be by coach or underground. All trips will have a risk assessment carried out beforehand to ensure maximum safety for the children and adults on the trip. You will receive details of each trip via Evolve, but **no** further cost will be incurred for the rest of the year for class trips.

Kind regards,

Mrs Emeny
Head Teacher
